Berlet Achieves NSSA® Advisor Certificate

President, Boomers Advisory Group Qualified to Help Retirees Select Best Time to Access Social Security Benefits

John Berlet, Boomers Advisory Group, Leander, Texas has achieved National Social Security Advisor certificate from the National Social Security Association LLC in Cincinnati.

The NSSA certificate promotes advanced Social Security education providing Berlet with the knowledge to counsel clients on the best way to claim Social Security benefits in order to optimize lifetime Social Security income.

Berlet of Leander, Texas specializes in Social Security Maximization and Retirement Income, and is the host of Retirement Income Radio, heard weekly on KWTX and KTEM AM Radio in Central Texas.

“I have assisted hundreds of families in protecting their assets and income, said Berlet, assuring that they and their beneficiaries will have confidence and peace of mind in their ability to achieve financial longevity.”

The NSSA certificate program includes one day of training and prepares professional advisors for the myriad of questions that their clients are asking. Also, with this training, advisors can guide their clients through the many Social Security options that are available. NSSA advisors are uniquely qualified to help the growing numbers of baby boomers. The program is the gold standard in Social Security certification and training in the nation.

The National Social Security Advisor certificate program was created by CPA, Marc Kiner and Jim Blair, a 35 year veteran of the Social Security Association. With 10,000 Baby Boomers turning 65 each day in the U.S., Kiner and Blair, believe that advisors must be educated regarding Social Security. There are 76 million Baby Boomers nationwide. Boomers are folks born between 1946 and 1964.

“For more and more people, Social Security is going to provide an important part of their retirement income,” said Blair. “NSSA advisors are passionate about helping retirees optimize their benefits over the rest of their lives.”
